CANDY
COLLECTION

We are proud to present our new collaboration with British artist Sam Wilde.

Known for his work with Adobe, Apple, Svenskt Tenn, and the Victoria & Albert Museum in London, Sam has quickly become one of the most exciting names in contemporary art, with a unique eye for color, form and storytelling. Together, we're launching a collection of delicious teas and candies in flavors like Piña Colada, Strawberry Daiquiri, and Arancia Spritz all wrapped in his iconic pattern, **Flowers of Time**.

This artwork pays homage to Carl von Linné vision of a floral clock. In the 18th century, Linné imagined a garden where different flowers would bloom with each passing hour, a living clock guided by nature's rhythm, where visitors could tell the time by the scents in the air and the colors in bloom.

Flowers of Time brings this dream to life through art, flavor, and blooming aroma, inviting each of us to sip, pause and savour the present moment.
